

Arc Midi R2 Solid Side Panel

Also available with a solid side panel, the Arc Midi R2 is developed with high-performance computer systems in mind.

Featuring three high performance Silent Series R2 fans and ample water cooling options, the Arc Midi R2 layout maximizes airflow throughout the case and keeps even the most demanding systems at cool temperatures. Designed to house even the thickest radiators in both the top and front panels without extensive modifications, the Arc Midi R2 offers all this within a mid size case.

The chassis comes complete with a fan controller, easy to clean dust filters, high level of workmanship, flexible hard drive mounting system and plenty of space for cable routing.

Key features

- Designed with high airflow in mind while consistently holding a minimalistic, sleek look and feel
- Extensive water cooling support, designed to support thick radiators in the front and top positions
- Three Silent Series R2 fans with integrated fan controller included
- HDD cages are now split 5 + 3 and are both rotatable and removable for maximum configuration and airflow
- Support for up to 8 hard drive bays with accommodation for an additional 2 x 2.5" drives behind the motherboard
- Easy installation and configuration with ample cable routing space making it simple for everyone to make a very tidy looking computer build.
- Fan filters in the top, front, bottom and side panel for a dust-free environment

General Specifications

Motherboard compatibility	<ul style="list-style-type: none"> • ATX, Micro ATX, Mini ITX
Front interface	<ul style="list-style-type: none"> • 2 - USB 3.0 • Audio in/out • Power button with LED (blue) • HDD activity LED (red) • Reset button • Fan controller
Drive bay capacity	<ul style="list-style-type: none"> • 2 - 5.25" bays • 8 - 3.5" HDD trays - all compatible with SSDs • 2 - 2.5" extra SSD positions
Expansion slots	<ul style="list-style-type: none"> • 7 + 1
PSU compatibility	<ul style="list-style-type: none"> • ATX PSUs up to 170 mm deep when using the bottom fan location; when not using this fan location longer PSUs (up to 270 mm deep) can be used
Graphics card compatibility	<ul style="list-style-type: none"> • Graphics cards up to 290mm in length with the top HDD cage installed • With the top cage removed, graphics cards up to 430mm in length may be installed
Cooling / Ventilation	<ul style="list-style-type: none"> • 8 - Fan positions (3 Silent Series R2 fans included) • Filtered fan slots in front, top, bottom and side panel • CPU coolers up to 180 mm tall
CPU cooler compatibility	<ul style="list-style-type: none"> • CPU coolers up to 170 mm tall (when no fan is installed in the side panel)
Additional information	<ul style="list-style-type: none"> • 26 mm of space for cable routing behind the motherboard plate • Thick rubber grommets on all holes on the motherboard plate
Colours available	<ul style="list-style-type: none"> • Black
Case dimensions (WxHxD) (mm)	<ul style="list-style-type: none"> • 230 x 460 x 515
Net Weight - case (kg)	<ul style="list-style-type: none"> • 10.7
Package dimensions (WxHxD) (mm)	<ul style="list-style-type: none"> • 320 x 610 x 560
Package weight (kg)	<ul style="list-style-type: none"> • 12
Package contents	<ul style="list-style-type: none"> • Arc Midi R2 computer case • User manual • Accessory box

Cooling System

Front	<ul style="list-style-type: none"> • 1 - 120/140mm fan (included is a hydraulic bearing 140mm Silent Series R2 fan, 1000 RPM speed) • 1 - 120/140mm fan (not included)
Rear	<ul style="list-style-type: none"> • 1 - 120/140mm fan (included is a hydraulic bearing 140mm Silent Series R2 fan, 1000 RPM speed)
Top	<ul style="list-style-type: none"> • 1 - 120/140mm fan (included is a hydraulic bearing 140mm Silent Series R2 fan, 1000 RPM speed) • 2 - 120/140mm fans (not included)
Bottom	<ul style="list-style-type: none"> • 1 - 120/140mm fan (not included)
Side panel	<ul style="list-style-type: none"> • 1 - 120/140mm fan (not included)
Fan controller	<ul style="list-style-type: none"> • 1 - integrated fan controller for up to 3 fans (included)
Water cooling compatibility	<ul style="list-style-type: none"> • Front – 240 mm radiators (thick and slim) when HDD cages are repositioned or removed • Top – 240 mm radiators (thick and slim) • Bottom – 120mm radiators • Rear – 120mm radiators
